

# RAJU NELLIKANTI

## Entry Level Software Developer

+917997215755 @ rajunellikanti7112@gmail.com leetcode.com/NELLIKANTI\_RAJU Nalgonda

### SUMMARY

Aspiring **graduate** seeking an entry-level position in **software design and development** to utilize my skills and abilities in the **information technology industry**. Committed to driving innovation, being resourceful, and embracing flexibility, with a strong focus on contributing to organizational growth while achieving professional development.

### EDUCATION

- 10/2021 - 07/2024** • Bachelor of Technology In Civil Engineering  
Hyderabad **Bharat Institute of Engineering and Technology**
  - Graduated in the year 2024 with an aggregate of 70.9%.
  - During my graduation, I developed strong analytical and problem-solving skills.
- 07/2018 - 08/2021** • Diploma in Civil Engineering  
Nalgonda **Government Polytechnic College Nalgonda**
  - Completed in the year 2021 with an aggregate of 82.8%
- 06/2017 - 03/2018** • Matriculation  
Nampally. **Zilla Parishad High School Nampally**
  - Under State Board of Secondary Education Telangana with an CGPA of 7.8

### PROJECTS

- **GAME ZONE**
  - Developed an interactive gaming platform featuring games like Guess the Number and a time-based counting challenge
  - Utilized HTML , CSS and JavaScript to design and implement engaging gameplay mechanics and a user-friendly interface.
  - Enhanced user experience with responsive design and smooth functionality across devices.
  - Strengthened skills in front-end development, debugging, and optimizing code for performance.
- **Student Data Base Management System**
  - Developed a console-based application to manage students data using MySQL.
  - Established database connectivity and executed SQL queries to perform operations.
  - Implemented CRUD operations (Create, Read, Update, Delete) for efficient data handling.
  - Gained hands-on experience in database management and application development.
- **Design and Evaluation of Sewage Water Treatment Plant**
  - Collaborated in a team of four to design and evaluate a sewage treatment plant for a population of 4,000. Contributed by preparing a prototype using the Activated Sludge Process, including units like screening chambers, skimming tanks, sedimentation tanks, aeration tanks, and disinfection chambers.

## SKILLS

Core Java	Data Structures and Algorithms	Java8	HTML5	CSS3	JavaScript	MySQL
OOPs	Oracle	RDBMS	SQL	JDBC	Hibernate	Windows
						Web designing

## STRENGTHS

**Problem Solving**

**Creative And Logical Thinking**

**Adaptability**

**Leadership Skills**

**Effective Communication**

**Quick Learner**

## KEY ACHIEVEMENTS

**Competitive Coding**

I have solved over 150 Data Structures and Algorithms problems on LeetCode, achieving a performance that surpasses 50% of the submissions.

Improved My analytical and problem solving Skills.

## LANGUAGES

English

Proficient

Telugu

Native

## CAREER TRANSITION

**Civil Engineering to Software Development**

Transitioned from civil engineering to software development, leveraging analytical and problem-solving skills to build efficient, scalable software solutions. Passionate about technology-driven problem-solving and innovation.

## TRAINING / COURSES

**Java Full Stack Development**

Java Full Stack Developer Course at J spiders , Dilsukhnagar , Hyderabad , gaining comprehensive knowledge in **Java programming**, **web development**, and **project implementation**. Developed strong skills in building dynamic web pages and hands-on experience through practical projects.

## HOBBIES

**Coding**

**Learning new Tools and Technologies**

**playing Sports**

**Photography**

**Listening Music**

**Watching movies**
